SECTION: **Communications** | DEPARTMENT: **Corporate Services**

## MEDIA RELEASE

**DATE** : August 12, 2020

**RE** : Clearance Certificates

There has indeed been some delay in the processing of clearance certificates particularly in the beginning of the year. The cause has largely been the disruption that has been visited by the lock down, coupled with the vacancy rate in the section.

However, these challenges have now largely been addressed as well as satisfactorily resolved. The backlog in dealing with clearance certificates is no longer an issue. For the past two weeks operations have been running smoothly and anyone who has experienced in this regard should visit the offices and provide the relevant particulars so that their cases can be followed up and resolved.

The municipality regrets the inconvenience that may have been caused in this regard.
