Together we move South Africa forward

GOVERNMENT MESSAGES OF THE DAY

VISA REFORMS

- Government wants to make it easier for people to visit South Africa & the new visa regime will not compromise security.
- The amendments in visa regulations have a potential to boost tourism and to make business travel more conducive.
- The reforms will directly contribute to the stimulus and recovery announced by the President.

ECONOMY/LAND

- Land reform programme is an important part of South Africa's economic transformation.
- Government is committed to use land reform, where appropriate, to achieve social and economic transformation.
- We cannot achieve economic growth and social stability if majority of South Africans are unable to participate in the economy.

ANTI-CORRUPTION

- Government reaffirms its commitment to deal with corruption.
- We are encouraged by the arrest of law enforcement officials who were allegedly involved in extortion and corruption.
- The fight against corruption is one of the major priorities of government.
- Let's build a value-driven public service based on our constitutional values & Batho Pele Principles.
