SECTION: **Communications** | DEPARTMENT: **Corporate Services**

MEDIA RELEASE

DATE : October 14, 2020

RE : Leaking pipes

The number to call for infrastructure services breakdowns is 018 299 5408 during office hours, Monday to Friday and for weekends and after hours and the Disaster Centre can be contacted at 018 299 5822.

The Municipality is generally open in working together with the residents of JB Marks Local Municipality in service delivery. Although I am not clear what exactly the association means by 'working together' in terms of modalities, I am sure our director of technical services, Mr. Jack Monnakgothu would give them a hearing if they approach him through his office.
