MEDIA RELEASE

DATE : September 13, 2017
RE : Name change process – going forward

Practically what the municipality will embark upon is a process of crafting a corporate identity to reflect a new logo and colors. This will be followed by the changing of letterheads in our internal system, at the sign posts at all municipal boundaries as well as in municipal properties.

Economic spin-offs will be limited and mostly restricted to local signage and graphic design companies.

These changes were budgeted from a national fund for amalgamation and will not be more than R400 000. It is estimated that the process will not take longer than three month and may be completed by the end of the year. Residents and businesses will not be affected by the change.
